## 1.INTRODUCTION:

The Institute of Complementary Medicine and Research Trust(ICMR TRUST) registered under Indian Trust Act, was established to promote health care through complementary healing systems and developing human resource in the field of medicine and health care. It has been providing its services since 2008 in the district of Koraput, one of the most backward and poor districts of Odisha, India.

The Trust started its service activities since then by providing medical, surgical and homoeopathic treatment, through its health centre and mobile health unit in different villages. It works for integrated development of children, youth, women, marginized people and People with Disability in mainstreaming and who is in need of better health care and education. Alternatively in supports their livelihood and development.

We at ICMRTrust, facilitating quality education and health care in need, which are priority for us. Establishment of **Anandam Kids School** at Village Dumuriput, Dist-Koraput is an initiative towards providing quality education within reach of poor and marginalized rural children. Establishment of **VI (Visual Impaired) Girls Children's Home** is another step towards mainstreaming PwD (VI) in education and Development. The Total Blind Girl Brunda Bhoi is the first Visual Impaired tribal poor girl, who is reading now in class I and completed training DLS (Daily Living Skill) and O & M (Orientation and Mobility) as per need and staying in our **BALA ASHRAM**.

#### **4. SUCCESS STORY:**

##### **Mainstreaming Sasmita Bagh, Visual Impaired Girl**

**Sasmita before Intervention**

**Sasmita Bagh** is 12 years old daughter of Mrs.Sabitri and Mr.Pitabash Bagh lives at Kalahandi colony (Slum) of Damanjodi area in koraput block. Parents are daily laborers and went daily for work by closing her in their house. She is Total blind by birth and limited mobility in her house before intervention. She was unable to move and in active of daily life. We intervened with our special educator.

We initiating her on ADL, mobility, fine/gross motor development, social behavior and then provided Braille kit for her education intervention. Organizing training to her parents on ADL and skill transfer to watch her development every day. Also she was linked to government pension plan after certification. All these have contributed to take care of her. Now she improved her fine motor and postures. She tries to hold stylus and writes, eats, addresses family members .Doing her all ADL activities and attending nearby government school and getting escort allowance for her regular school.Samita loves music and dance now a days. She is mainstreaming now as possible.
